## Improve the School

**Read just the first two sentences and stop to visualize a picture in your mind for what you read.**

**Then, continue reading the passage and create pictures in your mind as you read.**

Dear Mr. Paddleman,

I would like to bring a few ideas to improve our school to your attention. My first idea is to add a vending machine because it would make a lot of money for the school. The kids would love it. My second idea is to have a buffet in the cafeteria with a variety of foods. It would give tasty options for the students and faculty. My final idea is to improve our fields. The fields need to be leveled and have sod put down so we can play football and kickball during PE. Then there could also be more afterschool activities for students to enjoy. All of my friends and classmates agree that these ideas will improve our school.

Sincerely,  
Edward Student
