

# Storyboarding: Plot

A storyboard is a visual depiction of a story. It is like a plot diagram made out of

pictures. Study the parts of a storyboard. Then use the template below to create a simple storyboard for the story you just read by drawing a picture (you may include thought or speech bubbles) in each frame, as if you were going to create an animated cartoon of the story. In the bottom boxes, summarize what happens in each frame.

<b>INTRODUCTION</b>	<b>CLIMAX</b>	<b>CONCLUSION</b>
What happens:	What happens:	What happens:
