## What Did You Do This Summer?

Paula wrote an essay about what she did this summer. But she wrote it in present tense and it should be in past tense. Help her by rewriting the paragraph in the past tense.

This summer I go horseback riding. I ride a big, brown horse named Betty. Betty is very nice. But we are going down a hill and Betty gets spooked. Betty throws me and I fall on the ground, hard. It hurts. I break my arm, and have to go to the hospital. The doctor puts on a cast that I wear for three weeks. I probably won't go horseback riding again!
