1. When Pandas are born, they are tiny and pink. But they grow to be big, black and white. Pandas come from China. They eat bamboo.

2. Pandas are an endangered species. If you do not want this rare and beautiful bear to disappear forever, you should donate \$5 to the Save the Panda Fund. If everyone donates \$5 we could protect all the pandas in the world!

3. Once upon a time, a little panda was born in the zoo. He was tiny and pink, and he didn't look like a panda at all. Because pandas are very rare and special, people came from all over the world to see the new baby panda. One little girl in particular travelled thousands of miles. This is her story.
