### 3 Bears

Three bears had prepared breakfast and while waiting for it to be ready, decided to go on a walk. There was a father, mother, and baby bear. While they were gone a little girl broke into their home. Her name was Goldilocks. She went through each room, trying out furniture and trying on clothes. There was always one thing too big or too hard and another that was too little or too soft, but the third was always perfect. Then she noticed the breakfast. The first was too hot, then too cold, then perfect and she ate it all up. Goldilocks went to the beds and found the perfect one and fell asleep, which is where the three bears found her.

### 3 Little Pigs

The three little pigs were all brothers. Each brother was different, but they were still family. Each brother decided to build his own home. The first pig built a house of straw, the second of sticks, and the third of bricks. One day a big bad wolf came along and threatened to eat the pigs. Each ran to his house. The wolf followed the first pig and blew the straw house down. The first pig ran to the second pig's house. Again, the wolf blew down the stick house. Both brothers ran to the third pig's house. The wolf tried and tried, but the third house was perfect and could not be blown down. The pigs had to figure out how to get rid of the wolf.

Name three things that are the same in both stories.
