Use the pictures and the story to help you answer the following questions.

Sam and Jill are brother and sister, but very different from each other. They have a cat named Spot and a baby brother named Jake. Sam likes to paint and read while Jill prefers to spend her time daydreaming and playing with her friends -- she has never met a stranger! Sam’s favorite color is red and Jill’s is pink. When they grow up, Sam wants to be an artist whose name is known around the world. Jill wants to be an actress in faraway lands. But even though they are very different, Sam and Jill love each other, because that’s what siblings do.

What color is spot? __________________________________________

What are Sam’s two favorite activities? __________________________

What is Sam painting? ________________________________________

What is Jill in the picture? _____________________________________

Do you think she is daydreaming? In two or more sentences, explain your answer.
