### Draw It Out of Me!

To help find the cause and effect of each statement, draw a picture or symbol that represents each sentence.  
Use the pictures to think about cause and effect.

The **cause** is the picture that would happen first.  
The **effect** is what happened in the picture after the cause.

Draw a picture for each sentence, then write the cause and effect.

1. I turned on the ceiling fan in my room. The temperature dropped five degrees.

--	--

**Cause:** \_\_\_\_\_

**Effect:** \_\_\_\_\_

2. My dog, Vanish, loves to give me kisses. I laugh out loud every time she does.

--	--

**Cause:** \_\_\_\_\_

**Effect:** \_\_\_\_\_

3. Jeff's arm was red and blistered. He burned his arm while making dinner.

--	--

**Cause:** \_\_\_\_\_

**Effect:** \_\_\_\_\_
