

Can You Tell Me How to Get There?

DIRECTIONS: Jill has asked both her father and her mother for directions. Read their responses. Then describe how they differ from each other.

Walk out the front door. At the end of the sidewalk, turn right on Cooper Street. Walk for about a mile. You will pass Green Street and Magnolia Street. Make a right at the third street, which will be First Avenue. Walk 6 blocks. As you cross E Street to begin your seventh block, the donut store will be directly ahead of you, on the corner to your right.

Head outside and hang a right at the mailbox. Pass the Harrison's house, keep walking till you pass the Walker's house. Then make a right at the elementary school. Walk until you pass the coffee shop on the corner. The donut store will be in front of you, right across the street from the coffee shop.
