

Logically Ordered Paragraphs

DIRECTIONS: Read each opinion statement below. For each opinion, list four details that would support the statement, and help create a convincing argument. Then rank your details in each section from 1 (strongest example of support) to 4 (weakest example of support).

1. It is healthy to participate in sports.

2. Learning to play an instrument makes your life richer.

3. It is very important to learn how to read.
