

## Build a Book Puzzle

**Theme, setting and plot** all need to come together like a puzzle in order for a book to work. Fill out the organizer to analyze how the theme, setting and plot are developed in the book you just read. Then, on a separate sheet of paper, choose one of the subjects – plot, setting or theme – and write a short essay about how the chapters you identified develop the plot, setting or theme in the book.

<p>In this space, list which chapters contributed to the development of the book's <b>PLOT</b>.</p>	<p>In this space, list which chapters contributed to the development of the book's <b>SETTING</b>.</p>
<p>What is the theme of the book?</p>
