When we were asked to create the menu for the graduation dinner, we were so excited! Creating the graduation dinner menu is a huge honor, so of course we wanted to do our very best. The first thing we did was to brainstorm what kinds of foods would be appropriate. Then we brainstormed what kinds of foods would be most enjoyable. Then we narrowed that list down to the foods that would also be affordable. Once we had our menu items, we had to break down each item into its list of ingredients to create a shopping list for the chefs. It was a lot of work, but our hard work really paid off when we were able to see our fellow graduates enjoying the dinner!
