## The Dog and the Butterfly

Read the following passage or listen to your teacher read the passage below. Can you determine what in the text supports the idea of the dog loving butterflies?

Teddy is big and friendly, but he looks quite scary from a distance. However, to be honest, Teddy is like a goofy teddy bear and he is simply in love with butterflies.

Why does Teddy love butterflies so much? Well, he grew up on a farm and there were lots of butterflies in this farm. Butterflies would help Teddy go to sleep and butterflies were there to wake Teddy up too.

Awwww ..... how nice! Do you know that one day when Teddy was feeling sick, butterflies sat around him and cheered him up. This is why Teddy loves his pals, the butterflies.

What are the reasons the author gives for Teddy loving butterflies?
