

Climbing a Ladder

Read the short story below:

Curtis climbed a ladder. First, he asked his dad to watch him in case he fell. Then he made sure the ladder was secure. Finally, he placed one foot and one hand above the other until he reached what he needed to reach.

Answer the questions below:

- 1) What did Curtis do first?
 - a. Made sure the ladder was secure.
 - b. Asked his dad to watch him.

- 2) What did he do second?
 - a. Made sure the ladder was secure.
 - b. Leaned it against a wall.

- 3) What did he do third?
 - a. Jumped past the first few steps to save time.
 - b. Climbed slowly, one rung at a time.
