### Homophones

Sometimes two words sound the same but mean different things. These are called homophones. Homophones will always sound the same and often (but not always) are spelt the same. In this exercise we will look at a few homophones. Read the sentences and then write the word.

---

---

---

A fan keeps us cool.

I am a fan of sports.

---

---

---

The bat flew in the sky.

Grab a ball and the bat and let's play!

---

---

---

---

---

The hare hopped in the forest.  
The girls hair was orange.

Can you think of your own homophone?
