

Name _____ **Following Directions**

Working With Shapes

DIRECTIONS: In the box below, draw a square. Make the square no more than two inches on each side. Now do the following:

- Draw a triangle directly on top of the square. On the right side of the triangle, draw a rectangle so that it looks like a chimney. Now you have a house.
- Draw windows on your house. Draw window panes. Draw curtains hanging in your windows.
- Draw a door on your house. Draw a doorknob on your door.
- Draw smoke curling out of your chimney.
- Draw a mailbox to the left of your house.
- Draw a sun in the sky.
