Dinosaur Mad Libs

Last week was the biggest adventure of my life! _____ (your friend) and I were taking a walk in the _____ (a public area), when we saw a _____ (a color) object in the bushes!

We quickly realised it was a time-machine, and _____ (an action) inside.

There was a loud _____ (a noise), and the doors opened to reveal we had gone thousands of years back in time!

We were about to start exploring, when a loud _____ (a noise made by a large animal) came from nearby! We turned round to see a huge _____ (a color) _____ (a dinosaur) coming towards us!

We started running, and found shelter in a _____ (type of bush). But the _____ (the dinosaur) was getting closer!

Suddenly, a man wearing a piece of _____ (a color) cloth around his _____ (a body part) appeared beside us, and told us that the only way to scare the dinosaur away was by throwing lots of _____ s (an object) into the air, whilst singing _____ (a nursery rhyme) backwards!

We did it immediately, and the _____ (the dinosaur) turned and ran away in fright.

We hurried back to the time-machine, and luckily made it home in time for _____ (a daily meal).
